

# 3M Novec™ Aerosol Cleaners

## Product Cross Reference Guide

### Introduction

This Product Cross Reference Guide is intended to assist customers in identifying the 3M™ Novec™ Aerosol Cleaner product that most closely matches the performance characteristics of a variety of commercially-available industrial cleaners.

The products, catalog numbers and related information shown in this Product Cross Reference Guide were obtained from the latest available published information of the manufacturers of the products listed (as of the issue date of this guide).

**Note:** The 3M products listed below are offered as product replacement candidates for user consideration and evaluation. It is essential that before making any substitution the user evaluate any such products to determine whether they have the performance characteristics the user wants and are suitable for the user's intended application.

### Chemtronics Products

#### Degreasers

Product Name	Product Number	Contains Class II Ozone Depletor	Contains HFC	Contains nPB, HAP
Electro-Wash NX	ES1601	141b	134a	
Electro-Wash NX Improved	ES1611, ES2211	225ca, cb	134a	
Electro-Wash NR	ES1604	141b	134a	
Electro-Wash NR Improved	ES1614		134a	n-Propyl Bromide
Electro-Wash PN	ES1675	141b	134a	
Electro-Wash PN Improved	ES1678	225ca, cb	134a	
Electro-Wash CZ	ES7100		134a	
Electro-Wash VZ	EX6100		134a, 365, 43-10	
Electro-Wash NXO	ES1607		134a	

#### Novec Aerosol Replacement Candidate

##### Non-Ozone Depleting HFC, nPB & HAPS-Free

**Product Use:** All statements, technical information and recommendations contained in this document are based on tests or experience that 3M believes are reliable. However, many factors beyond 3M's control can affect the use and performance of a 3M product in a particular application, including conditions under which the product is used and the time and environmental conditions in which the product is expected to perform. Since these factors are uniquely within the user's knowledge and control, it is essential that the user evaluate the 3M product to determine whether it is fit for a particular purpose and suitable for the user's method of application.

**Warranty and Limited Remedy:** Unless stated otherwise in 3M's product literature, packaging inserts or product packaging for individual products, 3M warrants that each 3M product meets the applicable specifications at the time 3M ships the product. Individual products may have additional or different warranties as stated on product literature, package inserts or product packages. **3M MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO, ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR ANY IMPLIED WARRANTY ARISING OUT OF A COURSE OF DEALING, CUSTOM OR USAGE OF TRADE.** User is responsible for determining whether the 3M product is fit for a particular purpose and suitable for user's application. If the 3M product is defective within the warranty period, your exclusive remedy and 3M's and seller's sole obligation will be, at 3M's option, to replace the product or refund the purchase price.

**Limitation Of Liability:** Except where prohibited by law, 3M and seller will not be liable for any loss or damage arising from the 3M product, whether direct, indirect, special, incidental, or consequential regardless of the legal theory asserted, including warranty, contract, negligence or strict liability.
